Meet Judy and Pete: A Dynamic Duo Making a Difference

Some people have a unique spark that immediately draws you in. When you meet them, it's clear: you've found a new friend. That's exactly how you feel when you meet Judy and Pete. Married for 12 years, this inspiring couple has built incredible careers and touched the lives of many along the way.

Pete's Journey: From Construction to Legendary Projects

Pete's story begins in Connecticut, where he grew up. At 17, his family moved to the San Diego area, and Pete soon began working for A.O. Reed, a prominent heating and air conditioning contractor. After 28 years with the company, Pete retired and transitioned to a new role with Whiting-Turner, a renowned construction firm. As a superintendent, Pete oversaw the construction of large hospitals and high-rise buildings, leaving his mark on the skyline. One of his proudest achievements was supervising the creation of Star Wars Land at Disneyland.

Judy's Path: Breaking Barriers and Shaping a New Future

Judy's career started in banking, where she managed the loan division. After years of leadership, she realized she was ready for a new challenge. With a drive for independence, she enrolled in trucking school and earned her Class A license. Judy went on to buy a semi-truck and worked as an owner-operator in the construction industry for eight years. Her groundbreaking work paved the way for other women to succeed in the field. Later, she enjoyed a successful career in real estate before retiring.

A Passion for Pets and Community

Beyond their professional accomplishments, Pete and Judy share a deep love for their fur babies and have dedicated years to rescue work. They are also the founders of the "Young Old People's Club," a vibrant community of over 350 members who are young-at-heart, love making new connections, and enjoy getting together for fun activities.

A True Asset to CLYC
